Protocol for wearing face coverings in College

Last reviewed: 26 January 2022 by COVID Operations Working Group

Effective from 26 January 2022

Author: Senior Tutor and Bursar

Please note that the information outlined in this protocol is subject to change and will be continually reviewed in accordance with the latest Government and University guidance.

2. Introduction

College planning is centred on a risk assessment approach to keep our members and the wider community safe and well by reducing the risk of transmission through a series of protocols.

Current members and visitors are asked to carry a face covering (unless exempt) at all times, and to wear it in the circumstances set out in this protocol which are aligned with the national Government recommendation that people wear face coverings in crowded areas.

This protocol will be continually reviewed as we move forward in line with the latest Government COVID-19 guidance and University COVID-19 guidance.

3. General information

Anyone in the College site should carry a face covering at all times and wear it when required to do so by this protocol.

In the event that a current member or visitor has mislaid or forgotten to carry a face covering, they can be picked up and purchased from the Porters’ Lodge. Current members are encouraged to keep a small stock of spare face coverings in their room or office.

For environmental reasons, all members of College are encouraged to wear reusable washable face coverings where possible, rather than disposable face coverings.
Personal protective equipment (PPE) will be provided to members who have high levels of contact with other members.

4. Where to wear face coverings

Inside College buildings

In general, unless provided otherwise in the specific circumstances described below, members should wear face coverings in all communal indoor settings, unless they have a medical exemption.

In particular, face coverings are strongly encouraged to be worn in shared communal spaces such as the Library, shared study spaces, post-room, Porter’s Lodge, cafeteria and dining halls (unless seated at a table to eat/drink).

Face coverings do not need to be worn in a member’s personal living space, “household” (although see section on households in isolation below), or a single occupancy closed door room for work or study purposes.

Within a shared office, in College meetings or indoor supervisions, face coverings should be worn, unless there is prior agreement of all the occupants, social distancing can be observed and the room is well ventilated. Chairs of meetings and supervisors should take special responsibility to ensure that all parties in their meeting or supervision are comfortable with such a decision.

Households in isolation

Students sharing a household with a symptomatic or COVID-positive student will be required to wear a face covering when moving around their shared accommodation area, and inside their kitchen, but not when within their own private room. COVID-positive students will be required to self-isolate as per the College’s Protocol for self-isolation, household-isolation and quarantine in College

External areas

In particular, face coverings should be worn when queuing outside to enter the cafeteria.

Face coverings are not required to be worn when in external areas of the College, however face coverings are strongly encouraged to be worn when queuing to enter cafeteria.
5. Summary

<table>
<thead>
<tr>
<th>✔ STRONGLY ENCOURAGED</th>
<th>✘ NOT REQUIRED</th>
</tr>
