1. INTRODUCTORY BUSINESS

1.1 Apologies for absence

Apologies were received from Mr Sharma.

1.2 Approval of Agenda

The agenda was approved subject to the unstarring of 2.1e, the double starring of 3a(i) and (ii), and the starring of 3.5a(i). Attention was also drawn to the fact that agenda item 2.2a consisted of two papers – the admissions plan and the outreach strategy.

1.3 Confirmation of the minutes of the unreserved business of the Meeting of Council on 14 October 2020, and the Extraordinary Meetings of the Council on 22 October (as amended) and 29 October 2020 (CC.201111.1.3)

The three sets of minutes were confirmed.

a) Matters arising not elsewhere on the agenda
(i)  *2.1d  College Outline Plan for Short to Medium Term – extract from Annual Report and Accounts  (CC.201111.1.3a.i)

The amendments to the College outline plan were noted.

(ii)  *2.1e  Annual Work Plan for Council Business 2020-21   

(CC.201111.1.3a.ii)

The amendments to the Council annual plan were noted.

(iii)  2.1f  Charity Trustees Declarations of Interests

The Master noted that all Declarations of Interests for those not on leave had now been received from Council Members.

(iv)  2.3b Promoting sense of fellowship within constraints of COVID

The Master had not received any suggestions from Council members. He reminded members of the virtual Fellows talk being arranged by the Vice-Master for 13 November, as well as the ongoing occasional zoom nights, and the possibility of meeting in the gardens on a 1-1 basis. The Master indicated that he hoped it will be possible to arrange something more formal in due course, depending on the government rules and regulations in place post-lockdown.

(v)  Matter arising from the Government body meeting held prior to this meeting – COVID outbreak within College

The Master explained that the mini COVID outbreaks being experienced by the College, most recently in Cromwell Court, often arose because people were not abiding by the rules. The Cambridge Incident Management Team (CIMT) were satisfied with how the College was managing the Cromwell Court situation but wanted to ensure that clear communication was given to College households about the importance of not mixing households.

A question was asked about the disciplinary process in place for those students breaking the COVID protocols and rules. The Dean outlined how first and repeat offenders were being dealt with. The JCR President thanked the Dean on behalf of students for his work to date in dealing with the various COVID related breaches.

**Action:** The Senior Tutor to send an email to Council Members explaining the discipline process for those students breaking the COVID related rules and protocols by 20 November 2020.
1.4 Declaration of Interests

There were no declarations of interests.

2. REPORTS FROM OFFICERS

2.1 Master’s Business

a) Recovery Task Force and Operations Working Group - arrangements going forward (CC.201111.2.1a)

The Master outlined the proposed arrangements going forward, as set out in the paper, noting it was proposed that the Recover Task be stood down and tactical academic and operational matters be agreed by the Operations and Student Services working group, reporting to Council. It was noted that the missing reference for the delegated authority mentioned in bullet point (d) was CC.201029.3.1

Council approved the proposed arrangements going forward.

b) COVID policies and protocols – revisions
   (i) *Visitor policy (CC.201111.2.1bi)
   (ii) *Self-Isolation policy (enclosed)(CC.201111.2.1bii)
   (iii) *College Risk Assessment (enclosed)(CC.201111.2.1biii)

Council noted the revisions to the three policies approved by the Operations and Students Services working group, using their delegated authority for rapid operational decisions related to the COVID pandemic.

c) Colleges Response Framework (CC.201111.2.1c)

The Master explained the purpose of the Response Framework paper and said that the University would advise the Colleges when it changed its COVID response status so that the Colleges could align their status with the University’s where it was felt appropriate to do so. Council noted the paper with no comments which had already been approved by Colleges’ Committee.

d) Inter Collegiate Committee Feedback

The Master summarised the latest inter-collegiate topics of discussion at Colleges’ Committee, and Bursars’ and Senior Tutors’ committees. These had included the testing programme and financing arrangements, as well as the proposal for a foundation year, and training for online admissions interviewing.
e) Permission request by publisher BELIN to reproduce picture from College collection within publication (CC201111.2.1e)

Council agreed to the request subject to a copy of the publication being donated to College.

2.2 Senior Tutor's Business

a) Undergraduate Admissions plan (2021 entry) (CC.201111.2.2a)

The Director of Admissions updated Council on the current status of applications for 2021 entry. He explained that a change proposed this year was to reduce the number of offers made by about 5-10% following advice from the Admissions Forum. The rationale was to ensure that if centre assessed grades were used again, as for 2020 entry, the reduced number of offers would mitigate against a surplus of students that the College might not have space for. Any shortfall could be made up through use of the summer pool. Council agreed to this proposal.

A question was asked as to whether the training being provided for those conducting online admissions interviews was mandatory. The Director of Admissions said that the College would need to take a view on this but it would be important to ensure that, reputation wise, the interviews conducted by College academics were safe and secure. It was further noted that the training was needed to ensure the interview process fair and transparent to our applicants. Further details about the training should be coming out this week.

In relation to the outreach plan, the Director of Admissions explained that it initially just covered Michaelmas term but would be extended and adapted as the situation developed. Council noted the plan.

b) *Postgraduate Admissions report (2020 entry)(CC.201111.2.2b)

The report was noted by Council. The Master explained that the College had slightly under recruited for 2020 entry with some spare rooms at the minute. Post graduate numbers were difficult to predict, however, and the Master thanked the Graduate Tutors for the recruitment work they had carried out this year in difficult circumstances.

c) Postgraduate Admissions plan (2021 entry)(CC.201111.2.2c)

Dr Fruk spoke to the paper, explaining that an increase in offers had been made for 2021 entry and that the Graduate Tutors team had taken part in several open days for graduate students. They would be doing some further work on developing the future outreach strategy.
The Senior Tutor outlined the background and history to the Foundation year which is being proposed by the University, including a reminder the issues identified by Council with the proposal at the consultation stage. He explained that the proposal was now at the stage where the College needed to make a decision as to whether to participate in the first year of recruitment. This would be 2021-22, with Michaelmas term 2022 the entry point for the first cohort.

The Senior Tutor, Director of Admissions and JCR President expressed their support for the programme as they perceived it to be low risk but with the potential for high reward, particularly in respect of the College’s reputation and its outreach strategy. It would mean the College taking on approximately five Foundation year students in the first cohort, with the undergraduate student numbers being reduced accordingly.

It was noted that the initiative could have implications for supervisory and tutorial workload. For this reason, one Council member felt that more information would be useful before making a decision. The Master explained that a decision needed to be made by the end of the term, before this information was likely to be available, as details needed to go into the prospectus. He said, however, that the teaching for the course would be done by the University and not at College, and that costs associated with the small numbers should be met by the fee and make the proposition manageable.

Council approved the proposal but noted that one member dissented. The Master said that he would request regular updates from the University on the development of the programme to ensure that the College maintained sight of the detail.

**Action:** The Master to communicate to the University that Sidney Sussex College would be willing to participate in the Foundation Year pilot.

f) **Student Accommodation and Catering Charges (COVID policies) (CC.201111.2.3f)**

The Bursar outlined the recommendations from Finance & Needs Committee in respect of proposed 2020-21 student accommodation and catering charges under particular COVID related scenarios.

Where catering charges were concerned, it was explained that the JCR and MCR would like to consult with the student body as to whether they preferred 50% of the Kitchen Fixed Charge (KFC) to be converted to the Minimum Meal Charge (MMC) for Michaelmas term, or a 10% absolute reduction to the KFC charge for Michaelmas term with no change to MMC.

Council confirmed that they were happy for the consultation to take place.

**Action:** Bursar to conduct consultation with the student body in concert with JCR and MCR Presidents by 27 November.

g) **College events Michaelmas term**

The Bursar explained that under the current COVID restrictions, it was not feasible for the Fellows Christmas Dinner, the Staff Christmas lunch, and the Family Carol Service and Party to proceed. She proposed as an alternative that staff be provided with a Christmas hamper as a thank you from the College. She also suggested that the Fellowship and students be offered the opportunity to make a donation towards the costs as a signal of support for the staff and appreciation for what they do.

Council agreed to the proposals.
**Action:** Bursar, in consultation with the Development Office, to set up a mechanism for donation to the proposed staff hamper. The Master to communicate this to the Fellows, and the JCR President to the student body by 27 November 2020.

Council noted and approved the policy.

c) **Criteria for 1596 Foundation membership (CC.201111.2.4c)**

The Development Director explained that an amendment had been made to the criteria, allowing for gifts in kind to be recognised in exceptional circumstances, as sufficient to warrant extension of the offer of membership of the 1596 Foundation. She noted that if approved by Council, two people who had contributed in this way would be offered membership, with their nominations being submitted to Council.

Council approved the amended criteria.

f) SSCSU 2020-21 budgets (CC.201111.2.6f)

It was asked whether consideration had been given to students taking a reduced SSCSU subscription in 2020-21 given the financial position of the College and the level of reserves that they hold. The JCR President confirmed that the SSCSU executive position was not to propose a cut to the 2020-21 subscription on the assumption that most of the funded activities would be able to take place this year.

With regards to the high level of reserves, the JCR President explained that this was due to persistent underspending on budgeted activity. The budget policy presented in 2.6e above was intended to help manage this, as well as the spend down reserve policy which was currently being developed and would be submitted to Finance & Needs Committee in due course.

The 2020-21 expenditure budgets were approved, but the level of subscription for 2020-21 was referred to the next Finance & Needs Committee for consideration.
