Ordinances under Statute A

Constitution and Governance

Ordinance I
(depending from Chapter II)

The Visitor

Devolution of powers

1. If the succession Viscountcy fails, the Chancellor of the University or his or her appointed Deputy shall exercise the powers and perform the duties and functions of the Visitor under these Statutes until other provision shall be made by the amendment of Statute A,II.

2. During any period when the Viscount de L’Isle is under the age of twenty-one years, the Chancellor of the University or his or her Deputy shall exercise the powers and perform the duties and functions of the Visitor.

3. If in the opinion of the Governing Body the Visitor is unwilling to act, or incapable of acting, the Chancellor of the University or his or her Deputy shall exercise the powers and perform the duties and functions of the Visitor until the Governing Body determines that the Visitor is again willing and able to act. Any decision of the Governing Body under this clause shall be made by a two-thirds majority of those members who are Fellows present at a meeting specially summoned for the purpose.

Jurisdiction

4. The Visitor shall exercise only such powers, duties and functions under these Statutes as are assigned to him under:
   (a) Statute A,I,3 (foundation of the College);
   (b) Statute A,VIII,9 or 10 and Ordinance VI,9 (interpretation or application of the Statutes);
   (c) Statute B,I,2 and Ordinance I,15 (election of the Master).

5. In accordance with the provisions of the Higher Education Act 2004, s.46 or any subsequent legislation the Visitor shall not have any jurisdiction to determine:
   (a) any dispute or hear any appeal relating to the appointment or employment, or the termination of the appointment or employment, of a member of staff; or
   (b) the application of the Statutes or Ordinances in relation to any such dispute or appeal. Provided always that the person who is the Visitor may nominate the Chair of an Appeal Panel under Ordinance C,V,5.

Procedures

6. For the proper discharge of his duties, the Visitor shall in all cases consider whether the nature of the decision reasonably requires that he obtain formal legal advice, and shall take
full and proper account of any advice received. The College shall defray any reasonable legal costs thereby incurred. The Visitor may, and where it is reasonably necessary for the proper determination of a case must, appoint a suitable deputy to act in his or her place.

7. No case referred to the Visitor shall be determined without an opportunity for representations to be made on behalf of the College, by a person or persons appointed by the Council, and by any other party or parties to the proceedings, either in person or through a representative approved by the Visitor. Such representations may be oral or written, at the discretion of the Visitor. The Visitor may make such further rules of procedure as he or she deems necessary or desirable in the circumstances of a case.

8. Within his jurisdiction under clause [4], the Visitor shall have power to review, amend or quash any act or decision of any person or body having authority in the College on the grounds that the act or decision, or some aspect of the act or decision was:
   (a) not taken in accordance with the provisions of the Statutes or Ordinances; or
   (b) unreasonable for being procedurally flawed; or
   (c) based on incorrect facts; or
   (d) unsatisfactory on some other substantial grounds.
   The Visitor shall have power to make such order as seems to him to be justified, including an order to refer a decision, or an omission or failure to make a relevant decision, to an appropriate person or body in the College, for further review.
Fellows in Class 4

1. Fellows in Class 4 shall be entitled to attend and speak, but not to vote, at any meeting of the Governing Body held to conduct the following business:
   (a) the presentation of the annual College Accounts at the Audit Meeting; or
   (b) any matter falling within Statutes A,III,5(c) or D,III,4 (College assets) or D,III,5 (College buildings); or
   (c) the determination of a particular question which has arisen concerning the interpretation or application of the Statutes, where the Master has summoned a meeting of the Governing Body for that purpose under Statute A,VIII,9 and/or A,VIII,10, and Ordinance VI.

Secretary

2. A Secretary to the Governing Body shall be appointed by the Governing Body, normally for a period of one year or more. The Secretary may be, but need not be, a member of the Governing Body.

3. The Secretary shall attend any meeting of the Governing Body and shall keep minutes of the proceedings, including a record of actions to be taken by College Officers or other persons or bodies. In the absence of the Secretary the Governing Body shall appoint a deputy for that meeting.

4. The Secretary to the Governing Body shall inform the Chair of the Statutes and Ordinances Committee, under Ordinance VIII, of any decision of the Governing Body which affects, or may affect, the Statutes or Ordinances.

Convening

5. Notice of any meeting of the Governing Body shall be given by the Secretary publishing, in whatever manner is conventional in the College:
   (a) an agenda specifying the day, time and place of the meeting, and the business to be conducted, with supporting papers, if any; and
   (b) a circular to all Fellows, and such further members of the College as the Governing Body deems appropriate, announcing the publication.

   Additional forms of notice may be agreed between the Secretary and individual Fellows.

6. The Governing Body may invite persons who are not members of the Governing Body to attend and speak at a meeting on a specified item or items of business, normally on the recommendation of an Officer.

* As amended by the Governing Body on 12 February 2020
Reserved and non-disclosable business

7. Reserved business and non-disclosable business, both reserved and unreserved, shall be marked on the agenda. Papers for non-disclosable business shall not be circulated in advance of a meeting. The Officer having conduct of business marked non-disclosable shall introduce the item orally and the Governing Body shall then take a decision whether the business should be:
   (a) conducted by the meeting on a non-disclosable basis; or
   (b) delegated, for stated reasons, either to a specific College committee or to a working group set up for the purpose; or
   (c) conducted as normal business, either unreserved or reserved, as appropriate.

8. In case 7(a), any relevant papers shall be tabled at the meeting by the appropriate Officer and all copies shall be returned to the Secretary at the end of the meeting for secure disposal. If any person has been invited to attend the meeting under clause [6], for the relevant item, he or she may, at the discretion of the Governing Body, review a copy of such papers.

9. In case 7(b), the Governing Body shall specify any terms for the conduct of the delegated business which it deems necessary or appropriate; in particular, it shall require a progress report to be made to the Governing Body at a suitable time, and may specify further terms concerning the nature of the report.

Minutes

10. Minutes of meetings shall be signed by the Master or other presiding Fellow and shall be kept in a Minute Book under the control of the Secretary. A copy of the minutes shall be published in accordance with clause [5].

11. Minutes of reserved business shall be recorded as reserved minutes; provided that where reserved business has issued in a decision for the public record that decision shall be recorded as an unreserved minute.

12. The minutes of non-disclosable business shall be recorded in full, as non-disclosable minutes. The published copy of the minutes shall note the existence of a non-disclosable minute in the form ‘Item no. x is recorded as a non-disclosable minute’.

13. The minutes of non-disclosable business which is delegated shall record the fact, and terms, of the delegation, as unreserved or reserved minutes, as appropriate.

14. Any member of the Governing Body, and any Emeritus Fellow, may view the signed Minute Book; provided that a student member may only view unreserved minutes.

Annual Meeting
15. Business to be conducted at the Annual Meeting of the Governing Body shall include:
   (a) the election of Fellows to the Council;
   (b) the appointment of members of committees of the Governing Body;
   (c) express confirmation by a two-thirds majority of those members present and voting of
       such Public Benefit Statement as the Charity Commission requires from time to time;
       and
   (d) such other business as the Governing Body shall from time to time determine.
Secretary

1. The Secretary to the Governing Body shall also be the Secretary to the Council. In the absence of the Secretary the Council shall appoint a deputy for the purpose of that meeting.

2. The Secretary shall maintain a record of annual and other regular business conducted by the Council, and shall ensure that such business is brought to the Council in a timely manner.

3. The Secretary to the Council shall inform the Chair of the Statutes and Ordinances Committee, under Ordinance A, VIII, of any decision of the Council which affects, or may affect, any Statute, Ordinance or Regulation.

Convening

4. Notice of meetings of the Council shall be given by the Secretary publishing, in whatever manner is conventional in the College:
   (a) an agenda specifying the day, time and place of the meeting, and the business to be conducted, with supporting papers, if any; and
   (b) a circular to members of the Council, all Fellows, and such further members of the College as the Council deems appropriate, announcing the publication. Additional forms of notice may be agreed between the Secretary and individual Fellows.

5. The Council may invite persons who are not members of the Council to attend and speak at a meeting on a specified item or items of business.

Conduct of business

6. Clauses [3] and 7-14 of Ordinance II (Procedure of the Governing Body) shall apply, mutatis mutandis, to items of Council business; provided always that a non-disclosable minute of the Council shall not be made available to any person who is not a member of the Council. The published copy of the minutes shall note the existence of a non-disclosable minute in the form ‘Item no. x is recorded as a non-disclosable minute’.

7. The Council shall submit the minutes of its meetings, other than non-disclosable minutes, to the next meeting of the Governing Body or as soon as practicable thereafter. The Council shall receive and consider all minutes of the Governing Body recorded since the previous meeting of the Council.

8. The Bursar or Secretary, as appropriate, shall be responsible for ensuring that the Council is properly advised on the meaning and application of the Statutes, Ordinances and
Regulations. Where the Council refers a matter to the Statutes and Ordinances Committee for further advice the Committee shall report back to the Council as directed or as soon as practicable.

9. Where the Council wishes to exercise its power to make, amend or rescind a Regulation, under Statute A,IV,4(k) it shall refer the matter to the Statutes and Ordinances Committee or, in the case of financial Regulations made under Statute D,I,3 and D,II,13, to some competent person or persons, for recommendations. The Council may take action in accordance with any policy so referred, prior to the approval of any Regulation.

Annual Meeting

10. Business to be conducted at the Annual Meeting of the Council shall include:
   (a) the appointment of Officers;
   (b) the appointment of members of committees of the Council; and
   (c) such other business as the Council shall from time to time determine.

Committees

11. A Fellow on sabbatical leave, under the provisions of Statute B, Chapter II, other than any Fellow in Class 3 who has been granted sabbatical leave from ancillary responsibilities of teaching or research, shall not be entitled to serve as a member of any committee or other body of the College.

12. A standing committee of the College shall report regularly to the Governing Body or the Council, as appropriate, normally by submission of the minutes of committee meetings, and by any further reports as the committee deems necessary or desirable, or as required by the Governing Body or the Council, respectively.

13. The Council may at any time approve the conduct of business by any committee, including a committee of the Governing Body, by the electronic circulation of papers and/or by discussion and decision among members of the committee by electronic means; provided always that a committee which conducts business under this clause shall inform the Council accordingly, either in advance, by the Chair, or as soon as convenient thereafter, normally by a minute recording the fact.

14. Any conflict of interest held by any member of a committee shall be governed by Ordinance IV,19-20.
Material interests

1. A material interest is any matter which:
   (a) may influence the judgment of the person possessing it; or
   (b) may reasonably appear, to other persons, capable of influencing his or her judgment; such that his or her judgment may not be, or may appear not to be, exercised wholly and exclusively in the interests of the College. No interest shall be a material interest unless the person having the interest either knew about it or should reasonably have been aware of it.

2. The primary judgment of whether or not an interest is a material interest is that of the person whose interest it is; provided that every person shall have a conscientious regard to the proper management of conflicts of interest and his or her judgment shall be subject to the right of the Council to determine the matter under clause [12].

3. Material interests shall include interests arising from a person’s connection with another person or body independent of the College, where:
   (a) there is a reasonable possibility that the person or body may be engaged in some business, appeal, or transaction involving the College; and
   (b) that connection might or might appear to give rise to the person receiving indirect financial gain or other benefit, or to a conflict of loyalties.

4. A Fellow or student who is a member of the Council shall have a material interest in any item of Council business that might result in that person receiving a benefit that would not be generally available to other Fellows or students, respectively.

Register of Interests

5. The Secretary to the Council shall maintain a Register of Interests of members of the Council. All members shall, upon election or ex officio appointment, register with the Secretary any material interests and any other information which may reasonably be required for the maintenance of the Register. The Secretary shall request the relevant information when a person first becomes a member, and in a general annual circulation. Members shall notify the Secretary of any changes as they occur.

6. The Register shall include a person’s membership of any Faculty or Department in the University, and any office or position held in the University.

7. The Register shall record the nature of any material interest but not the quantum, if any, of that interest. In particular, a shareholding in a public company shall not be registered unless it amounts to a material interest within clause [1], and the Register shall not include the number or value of the shares.
8. The Register shall be available to all persons properly having an interest in the information it contains. Such persons shall include all members of the College, any authorised officer of the Charity Commission, and members of the public requesting information under the Freedom of Information Act 2000 (‘FoIA’). Information on the Register shall be made available to persons making FoIA requests, to the extent required by and compatible with the legal obligations of the College. Accordingly, personal data supplied in connection with the Register shall be processed solely for the purposes of the Register, in accordance with the second data protection principle under the Data Protection Act 1998.

9. This Ordinance shall stand as notice to all Fellows and students of the College that the information recorded in the Register shall be used for the sole purpose of informing such persons as have a right to inspect it.

Declarations of interest in the Council

10. Every meeting of the Council shall contain an early item on the agenda for “Declaration of Interests”.

11. Any member of the Council who has a material interest in an item of business on the agenda, other than business solely for report, shall declare that fact whether or not the interest is registered under clauses 5-7 or is a matter otherwise known to members of the Council.

12. If the Master or other Chair of the meeting, or any two members of the Council, considers that another member may have a material interest which has not been declared under clause [11] the matter shall immediately be referred to the decision of the Council. The Council shall hear the member’s views but shall determine the matter in his or her absence. The determination of the Council shall be binding on the member concerned.

13. A member of the Council who declares or is found to have an interest which is a pecuniary interest shall normally withdraw from any part of a meeting at which the business is under consideration and shall neither speak nor vote on the matter. Exceptionally, the Council may resolve, in the interests of the full and proper conduct of the business, that the member may address the meeting solely for the purpose of providing the Council with relevant information. In no circumstances shall the member vote on the matter.

14. Where a member of the Council declares or is found to have an interest which is not a pecuniary interest, the Council may resolve that the member may remain present, and may further resolve to permit the member to speak or to vote on the matter.

15. The minutes of every Council meeting shall record any material interest declared, the withdrawal of any member from the meeting, and any resolution of the Council made under clause [14], but not normally the reasons for it.
**Special decisions**

16. A special decision of the Council, made in accordance with clause [18], shall be required when the number of members who declare a material interest in a matter, or who for any other reason are disentitled from voting on it, would, if those members were to withdraw from the decision, reduce the remaining number of members, present and entitled to vote on the matter, below the number required for a quorum.

17. Clauses [13] and [14] shall not apply when a special decision of the Council is required.

18. Where a special decision of the Council is required it may, having full regard to all the circumstances of the matter, determine that:
   (a) the nature of the conflict of interest is so pervasive that the Council has no alternative but to surrender its discretion by seeking the direction of the Charity Commission, by an application in writing; or
   (b) notwithstanding the conflict of interest, the Council is able fairly and reasonably to take a decision, but should, before making the decision, seek the advice of the Charity Commission by an application in writing; or
   (c) the Council is able fairly and reasonably to take a decision without making any application to the Charity Commission.

**Committees and other bodies**

19. Clauses 1-15 shall apply, mutatis mutandis, to any meeting of the Governing Body, and to any committee, working party or other body within the College, as they apply to the College Council, except insofar as they are expressly dis-applied, either generally or for specified items of business, by decision of the Council.

20. For the purposes of clause [12], it shall be the Chair of the relevant committee or body who may refer a question concerning the declaration of a material interest to the committee or body concerned.
Charity Trustees

Eligibility

1. The College shall take reasonable steps to ensure that any person who stands for membership of the Council is eligible to act as a Charity Trustee of the College. Such steps shall include relevant checks against official registers of disqualified persons, such as the Individuals Insolvency Register, the register of disqualified company directors, and the Charity Commission register of persons who have been removed as a charity trustee. The College shall also undertake relevant Criminal Records Bureau checks where a need to do so is indicated under the terms of the College Child Protection Policy.

2. No person shall be elected as a member of the Council, or be appointed a member ex officio, unless that person confirms, by a signed declaration made prior to such election or appointment, that:
   (a) he or she is willing to act as a Trustee and is fully aware of the charitable objects of the College, as set out in the Charter and Statutes and in the Charity Commission Registration Form;
   (b) he or she is not disqualified for any reason from acting as a Trustee, such as:
      (i) having a conviction for an offence listed under charity legislation;
      (ii) being disqualified from working with children;
      (iii) being barred by the Protection of Vulnerable Adults list;
   (c) he or she is aware of, and accepts, the responsibilities and liabilities, including personal liabilities, of acting as a Trustee of the College in accordance with charity law.

3. Where the College Chaplain or any other person holds, by virtue of his or her role in the College, a duty of confidentiality towards members of the College, and such duty might conflict with the duty of a charity trustee to inform the Council of matters adverse to the interests of the College, the Chaplain or such other person shall not be eligible for election to the Council; and where already a member he or she shall resign from the Council upon election or appointment to the role. Where such a person declines nomination for election to the Council, on such grounds, it shall not constitute a breach of Statute A,V,2.

4. Any member of the Council who:
   (a) becomes aware that he or she is ineligible to act as a Trustee, shall notify the Master;
   (b) is found to be ineligible following some relevant check, shall be notified by the Master. In either case, the Trustee shall be deemed to have immediately vacated membership of the Council. A by-election to replace the unexpired portion of that member’s tenure shall normally be held as soon as practicable, in accordance with procedures laid down under Ordinance IX or X.
Election

5. Any person who stands for election to the Council shall, at or before the time when he or she is formally nominated, be provided with appropriate information concerning the charitable status, and the charitable objects and activities, of the College, and the role, duties and liabilities of a Trustee.

6. At the election of Fellows to the College Council under Ordinance IX, the Master shall draw the attention of the Annual Meeting of the Governing Body to the role of the Council as the College’s Charity Trustees, and to the desirability of electing persons with a broad range of skills, knowledge and experience.

Training and support

7. So far as reasonably practicable, the College shall provide annual practical training in charity law and best practice for members of the Council. All members of the Council shall normally attend any such courses as are provided.

8. The College shall, as far as reasonably practicable, indemnify any Trustee against any reasonable legal costs he or she incurs in the course of defending an action which concerns his or her performance of the duties of a Trustee, provided that in the circumstances the indemnity is consistent with the requirements that:
   (a) any private benefit to the Trustee shall be incidental to the charitable activities of the College; and
   (b) the Trustee shall not be subject to any material conflict of interest.

Removal of Trustees

9. If the Master, or any two or more Fellows, considers that a Trustee has or may have failed in or breached any of his or her duties, then the Master shall refer the matter to the Council, under reserved business, either at its next ordinary meeting, or at an extraordinary meeting summoned for the purpose. In either case, at least six calendar days’ notice shall be given. The Trustee concerned shall have the opportunity of being heard by the Council on the matter.

10. Where a majority of those members of the Council who are Fellows considers that the acts or omissions of the Trustee amount to a failure to carry out or comply with the duties of the position, in such manner or to such a degree as warrants his or her removal, then the Council shall make such a recommendation to the next meeting of the Governing Body. The Governing Body may confirm, reverse or modify the recommendation of the Council.

11. Where the Council recommends to the Governing Body that a Trustee should be removed, that Trustee shall not attend any meetings of the Council, nor be party to any transaction of Council business, until the Governing Body shall have made a decision on the matter.
Compliance with Statutes and Ordinances

Scope of Authority

1. Where the Master considers that a matter either requires an urgent decision or raises no substantive issue of policy, he or she shall have authority to approve on behalf of the Council any recommendation made by at least two College Officers which the Council has power to approve. Any such case shall be reported to the next meeting of the Council.

Review of compliance

2. Any Fellow may make a representation to the Master that there has been a contravention of or a failure to comply with the Statutes, Ordinances or Regulations, by an act done or decision taken, or a failure or omission to act or decide, by any relevant person or body.

3. Nothing in this Ordinance shall render any act or decision invalid unless and until:
   (a) a representation has been made which complies with clause [4]; and
   (b) the procedures set out in clauses 5-11 have been completed; and
   (c) there has been a final determination that the act or decision is invalid.

Procedures

4. Any representation under clause [2] shall give a full account of the act or matter referred to, and shall specify the alleged contravention or failure to comply, and shall be made in writing within three months of the later of:
   (a) the date of the relevant act, decision or alleged failure to comply; or
   (b) the date upon which information concerning the relevant act, decision, or failure to comply was published, or otherwise became publicly available, to the Fellowship; or
   (c) the earliest date upon which the Fellow making the representation ought reasonably to have been aware of such information.

5. Where the Master receives a representation which complies with clause [4], he or she shall enquire into the matter and shall report to the Council, with recommendations and reasons within twenty-eight calendar days after the first day of the following Full Term. The Council shall make such determinations and directions in the matter as it thinks fit.

6. The Council shall determine, under clause [5], whether:

   (a) accrued more than six years previously; or
   (b) was taken as sabbatical leave under the provisions of this Ordinance; or

   (a) procedures for making final decisions on the admission of individual undergraduate students; and
   (b) the delegation of authority to make such final decisions, to appropriate Officers and/or other persons holding appointments in the College, and/or to a committee or other body.

2. The Council shall approve policies for the admission of graduate students, within the framework of government regulations and University admissions policies. College policies shall be implemented by the Graduate Tutors, who shall have delegated authority to make final decisions for the admission of individual graduate students.

Residence of students

3. Residence requirements under University Regulations, for both undergraduate and graduate students, shall be met by residing in College or an approved residence, as prescribed by College Regulation. Failure to keep residence in accordance with this Ordinance may result in a student being ineligible to take an examination or to proceed to a degree.

4. Procedures for coming into residence, absence during Term, and going out of residence shall be prescribed by College Regulation.

5. A student who has been excluded from residence in the University (rustication, as defined in University Regulations), whether by the University or the College, and whether temporarily or permanently, shall not, for the period of that exclusion, reside in College or any residence approved by the College under clause [3].

Pastoral provision

6. For any period during which a student is temporarily out of residence in the University, as determined by University Regulations, such as any period where leave to disregard terms (‘intermission’) has been granted by the University following an application under College Ordinance C,XIII,11-12, the provision of pastoral care and support by the College shall be at the discretion of the Senior Tutor unless expressly provided for otherwise by Ordinance or Regulation. When a student completes the course of study for which he or she was admitted to the College, whether or not he or she is admitted to the related degree, or when a student withdraws or is withdrawn from his or her course, or when for any other
reason he or she no longer appears on the University Student Register of persons pursuing a course of study in the University, any obligation of the College to provide pastoral care or support to that student shall cease.

College and University rules

7. Every student shall be deemed to be aware of the Statutes, Ordinances, Regulations and Notices of the College that are in force from time to time, as officially published on Sidnet. For the convenience of students, the College shall also maintain on Sidnet a compendium of relevant Statutes, Ordinances and Regulations known as the Student White Book, and such other College Handbooks for undergraduate and graduate students as it thinks desirable. Any document published on Sidnet shall also be available in hard copy in the Tutorial Office.

9. It shall be the responsibility of each individual student to make himself or herself familiar with the existence and contents of the documents referred to in clauses [7 and 8].

10. The Ordinances and Regulations of the College that apply to students shall be read with, and shall take effect in conjunction with, the Ordinances and Regulations of the University, and shall so far as reasonably practicable be interpreted and applied in a manner consistent therewith. Where any conflict arises between the Ordinances and Regulations of the College and those of the University, the Ordinances and Regulations of the University shall take precedence. Accordingly:
(a) no Ordinance or Regulation of the College shall at any time or for any reason be held to supersede or substitute for any requirement on a student to comply with the Ordinances and Regulations of the University; and
(b) where no College Ordinance or Regulation applies in particular circumstances, University Ordinances or Regulations may nonetheless be applicable.

1. There shall be a students’ union of the College, which shall be known as the Sidney Sussex College Students’ Union (‘SSCSU’).

   (a) in a fair and democratic manner, and
   (b) is accountable for its finances.
   Accordingly, the activities of SSCSU shall be regulated by its Constitution, which shall be approved every five years by the Council, and by the College Code of Practice for SSCSU, as prescribed by Regulation.

4. This Ordinance and Regulations made hereunder shall be published to all students in whatever manner is conventional in the College, and shall be drawn to the attention of all students by annual notification from SSCSU.

6. The officers and members of a student club or society shall comply with any relevant Ordinances or Regulations and with any associated notice or other publication issued by the Council or under the authority of any College Officer. An officer shall be designated by each club or society (the ‘designated officer’) who shall, unless otherwise provided for, act as its representative in any communications or other dealings between the club or society and the Officers or staff of the College.

7. A club or society which receives an allocation of funds greater than ten per cent of the total funds allocated to all clubs and societies shall have a Senior Treasurer, who shall be a Fellow of the College or a person of similar standing, approved by the Senior Tutor. The Senior Treasurer shall:
   (a) ensure the proper management of the financial accounts;

    objectives by the College. Such objectives shall include the prevention of crime and

    Supervisor shall have ultimate authority for the management of the Students’ Bar and may
    authorise action on his or her behalf by the College Porters or other members of staff.

10. SSCSU shall be responsible for the day-to-day management of the Students’ Bar, and shall
    therefore ensure that suitable management systems and personnel are in place, and
    oversee them, in accordance with Regulations made hereunder. SSCSU may delegate
    management to a Bar Committee or to appropriate SSCSU Officers, but shall at all times
    remain responsible to the Premises Supervisor and the Council for the good management
    of the Bar.

Freedom of speech and related matters

11. Every student shall have such rights and obligations in regard to:
    (a) freedom of speech and expression;
    (b) freedom from unlawful discrimination;
    (c) protection from radicalisation, understood as the attempt by others to gain the
        student’s support for or promotion of terrorist activities; and
    (d) any matters associated with or of a like nature to such rights;
    as are established by the Council from time to time, whether in Regulations or otherwise, in
    accordance with its responsibilities under The Education (No. 2) Act 1986 section 43, The
    Equality Act 2010, the Counter-Terrorism and Security Act 2015, and any subsequent
    applicable legislation.

12. Further to clause [11], SSCSU, every College club or society and every student shall comply
    with the Regulations, Notices or other policies or procedures established by the Council for
    the management of:
    (a) College events, whether held on College premises or elsewhere, at which controversial
        views will or may be expressed; and
    (b) visiting speakers, and their conduct, at meetings held on College premises.

13. In particular, SSCSU, every College club or society and every student shall:
    (a) comply with the Code of Practice for Section 43 Meetings, as laid down in Regulations;
(b) not attempt to deny any person or body of persons access to any premises of the College solely on the grounds of the beliefs or views, or the policies or objectives, which that person or body of persons holds or pursues; provided that the College reserves the right to refuse access to its premises where it reasonably believes that a visiting speaker, or the purpose of a meeting, is likely to give rise to the incitement of crime and/or to cause a breach of the peace.
ORDINANCE XXIII
(depending from Chapter IX)

Membership of the College

1. In addition to those persons who are members of the College under Statute B, IX, 1(a) and 1(b), membership of the College may be granted by the Council, whether in accordance with any policy and procedures established in Regulations, or otherwise.

2. Any person granted membership of the College may resign from or be deprived of such membership in accordance with Statute C, V, 3 and Ordinance C, X.
Committees, Panels and hearings

1. No member of academic staff may be dismissed without an appropriate oral hearing by or personal meeting with such Committee, or where an appeal is lodged such Appeal Panel, as is specified in Ordinances II-V and VII. The member of academic staff, together with any representative appointed under clauses 13-15, shall be entitled to be present at any oral hearing or personal meeting and, where Ordinances so specify, to examine witnesses.

2. The members of a Committee shall be selected from among those Fellows who are members of the Governing Body, other than Fellows in Class 2. The members of an Appeal Panel shall be appointed in accordance with Ordinances V or VII, as appropriate. So far as reasonably practical, a Committee or Panel shall include at least one man and at least one woman.

3. A hearing or meeting held under clause [1] shall be valid and effective provided that the Chair is present. The Chair shall ensure that any matter is heard and disposed of as expeditiously as is reasonably practicable and consistent with fairness; provided that the individual parties, including the College, shall make all the necessary arrangements for the proper presentation of their respective cases, including the production of documents, and, where relevant, the summoning of witnesses. A disciplinary or medical case brought by the College may be dismissed for serious or unwarranted delay in its presentation.

4. A Committee or Appeal Panel shall regulate its own procedures, subject to clause [3] and Ordinances II-V and VII. Where not otherwise provided for, the Chair may make such administrative arrangements as he or she thinks appropriate. In particular, he or she may set time-limits for each stage of proceedings, and may postpone or adjourn any hearing or meeting at his or her discretion; provided that any time-table for the conduct of proceedings laid down in Ordinances shall be adhered to as strictly as is reasonably possible. Consent to any application, or to the exercise of any discretion, may be made subject to such conditions as the Chair shall think fit.

5. Without prejudice to clauses 3-4, the Chair of a hearing or meeting shall, when necessary, make reasonable adjustments to the conduct of the proceedings, so as to ensure that, in the circumstances known or which ought reasonably to be known to him or her, no party who has a characteristic protected in law is placed at a substantial disadvantage compared with a party who does not share such characteristic. No adjustment need be made where the standard procedures are objectively justifiable in the circumstances.
6. Reasonable adjustments under clause [5] may include, but shall not be limited to:
   (a) the date, time or location of a hearing or meeting;
   (b) the format in which documents are provided;
   (c) the support or other representation permitted under clause [13].

7. The Council may, but need not, appoint a legal adviser to provide assistance to any
   Committee or Appeal Panel, provided that the Committee or Appeal Panel shall alone make
   any findings, decisions or recommendations. Where appointed, a legal adviser shall
   normally be present at any meeting or hearing of the Committee or Panel.

8. The Council shall appoint an administrative secretary to any Committee or Appeal Panel.
   The secretary shall normally be present at any meeting or hearing, and shall keep a proper
   written record of all proceedings. The Chair and the member of academic staff concerned
   shall review and agree such record, which shall include any points of disagreement by
   either party.

9. Notwithstanding clause [1], a Committee or Appeal Panel shall have power to proceed with
   an oral hearing or meeting in the absence of any person entitled to be present, provided
   that such person has been duly notified of such hearing or meeting in accordance with
   Ordinances; and the Chair may exclude any person, including any member of academic staff
   concerned, where such exclusion is reasonably necessary for the maintenance of order.

10. Decisions of a Committee or Appeal Panel shall be taken by a majority vote; provided
    that if it comprises only two members, and it is unable to reach a unanimous decision, it shall be
    discharged and a new Committee or Panel duly appointed to hold the hearing or meeting
    afresh.

11. The College shall meet all proper costs incurred by a Committee or Appeal Panel, or its
    secretary, or any legal adviser. Expenditure commitments shall be reported to the Bursar’s
    Office on a monthly basis for approval.

12. No person, other than any person entitled under Statute C and these Ordinances to attend
    a hearing or meeting of a Committee or Appeal Panel, shall be admitted to such hearing or
    meeting without the Chair’s consent.

Support and representation

13. A member of academic staff, and any person who is added to proceedings under Ordinance
    II,22, may be accompanied to any hearing or meeting by a person in support. A supporter
    shall not be a witness in the proceedings and shall have no right to address a Committee or
    Appeal Panel. Alternatively, a representative of the member or other party may be
    appointed for the purposes of the hearing or meeting. A representative may be, but shall
    not be limited to:
    (a) a member of the Regent House;
    (b) an officer of a trade union; or
    (c) a lawyer.
14. The following persons may also appoint a representative under clause [13]:
(a) any person having authority in law to act on behalf of a member of academic staff or on behalf of any person added to proceedings under Ordinance II,22;
(b) with the consent of the Council, any person appointed by the Council to present disciplinary charges, or a medical case, or to act as the respondent in an appeal.

15. Any notice of representation, or any revocation of such notice, shall be given in writing by the represented party to the person instructed by the Council, under Ordinances II, III or V, to act on behalf of the College in the conduct of the hearing or meeting. The notice shall specify whether papers and other documents in a case should be sent to a representative in substitution for, or in addition to, the represented party.

Delivery of Notices

16. Notice or delivery of a document shall be given in writing and, with his or her previous written consent, sent to the member of academic staff concerned, by email, fax or other electronic medium. Subject to any express limitations, previous consent may be implied from the member’s use of the email, fax or other address, in correspondence with the College in the relevant matter. In the absence of such consent, a hard copy shall be:
(a) delivered into the member’s hands;
(b) delivered into the hands of his or her authorised representative, where so specified under clause [15]; or
(c) posted by recorded delivery (or equivalent service) to his or her last recorded address or that of such authorised representative.

Delegation and alternates

17. The Master may delegate to a suitable person, who may be a College Officer, any power or duty assigned to the Master under Ordinances II-V and VII.

18. Except where otherwise provided for in these Statutes and Ordinances, the Council shall appoint an alternate to replace any person appointed to a Committee or Appeal Panel, or assigned a power or duty under Ordinances II-V and VII, where such person has a material interest in the matter, or is otherwise unwilling or unable to act. An alternate shall satisfy any qualifications specified to be held by the person so replaced.

Implementation

19. An appropriate Officer, which shall normally be the Bursar, designated by and acting under the authority of the Council, shall give effect in accordance with law to any final decision to dismiss a member of academic staff, and shall inform him or her of the date upon which the dismissal takes effect.

Governance

20. During any period for which a member of academic staff is:
(a) suspended from his or her Fellowship or employment; or
(b) the subject of any decision by a Committee or Appeal Panel to dismiss the member
   from his or her Fellowship or employment;
he or she shall not, irrespective whether an appeal is lodged, attend any meeting of the
Governing Body or the Council, or any other committee of the College, nor participate in
the governance of the College in any other respect, unless the Governing Body or the
Council, as relevant, so approves.
Misconduct

1. Conduct which may warrant disciplinary proceedings under Statute C, I, 10-11 shall include misconduct, serious misconduct or gross misconduct, as construed and applied in accordance with national employment legislation:
   (a) misconduct means poor performance or conduct which if proven would not, unless it is a repetition of poor performance or conduct, provide sufficient grounds in law for a fair dismissal;
   (b) serious misconduct means conduct which if proven would provide sufficient grounds in law for giving notice to dismiss;
   (c) gross misconduct means conduct which if proven would provide sufficient grounds in law for summary dismissal, without notice.

2. Without prejudice to the generality of clause [1], disciplinary proceedings may be taken in cases of:
   (a) conduct resulting in a conviction for a criminal offence of such a nature that it renders the person convicted unfit for the performance of his or her responsibilities or for employment as a member of academic staff;
   (b) conduct resulting in an investigation for an offence falling under sub-clause (a) where the investigation puts at risk the College’s trust and confidence in the person;
   (c) conduct incompatible with a person’s responsibilities or employment, including conduct bringing the College into disrepute;
   (d) conduct constituting repeated or consistent failure, refusal, neglect or inability to perform all or part of a person’s responsibilities or duties, or to comply with conditions attached to them, or performing or complying in an unsatisfactory or inadequate manner;
   (e) repeated, persistent or wanton disruption of the activities of the College;
   (f) serious breach of or failure to comply with the Statutes or Ordinances of the College.

3. A charge may reasonably be considered to be a charge of gross misconduct where it comprises theft, fraud, physical or sexual violence or bullying, gross negligence, serious insubordination, persistent misconduct coupled with a failure to comply with a final written warning, deliberate damage to or serious misuse of College property, serious misuse of the College or University internet communications, including accessing obscene or offensive material, unlawful discrimination, serious incapacity through the use of drink or drugs or other substance misuse, serious breach of health and safety measures, serious breach of confidentiality, or any other conduct of similar or equivalent culpability. Conduct may amount to gross misconduct whether or not it is attributable to medical grounds.

Initial complaints
4. A complaint, or a charge of misconduct including serious or gross misconduct, against a member of the academic staff may be laid by any Fellow, including a non-foundation Fellow, or any student, or any member of the assistant staff of the College. The complaint or charge shall be made to the Master, or to such appropriate deputy as the Master appoints for this purpose.

5. The Master, or his or her deputy, shall either:
   (a) treat the complaint as an individual grievance raised under Ordinance XI, if satisfied that the subject matter is appropriate; or
   (b) refer a charge of misconduct to the Council, for consideration under this Ordinance.

6. A charge of misconduct may be considered by the Council either under clause 5(b), or of its own motion. It shall proceed in the matter in accordance with clauses 7-40, as appropriate.

Procedings in less serious cases: misconduct

7. Where the Council considers a charge of misconduct which would not, even if proven, provide sufficient reason in law to dismiss the member of academic staff concerned, the Council shall investigate the matter by delegation to a designated Officer, or other suitable person, giving the member a fair opportunity to respond to the charge, either in person or in writing. In the light of such investigation the Council may:
   (a) dismiss the charge and, where appropriate, advise the complainant to raise a grievance under Ordinance XI;
   (b) give the member a first written warning, in accordance with clause [8]; or
   (c) in an appropriate case, such as following a previous written warning, give the member a final written warning, in accordance with clauses 9-10.

8. A first written warning shall be given by the Master on behalf of the Council and shall include the Council’s reasons for giving the warning, and notice that it may be followed by further disciplinary procedures in accordance with this Ordinance.

9. A final written warning shall be given by the Master on behalf of the Council and shall include:
   (a) the nature of the complaint;
   (b) the improvements or remedies required;
   (c) the period within which such improvements or remedies should be effected;
   (d) notice that if they are not effected, either at all or in a timely manner, the Council may refer the matter to a Disciplinary or Medical Committee for Academic Staff, in accordance with clause 13(c) or 13(d); and
   (e) notice that the member of academic staff concerned has a right to appeal against the warning to a Warnings Appeal Panel, under clause [11];

10. A record of any warning given under clause [8] or [9] shall be kept in the member’s College file. A warning shall not be taken into account in any disciplinary proceedings held more than one year, for a first written warning, or two years, for a final written warning, after it was given.
11. Notice of appeal against a final written warning may be served on the Master no later than fourteen calendar days after the warning is given. The appeal shall be heard by a Warnings Appeal Panel, comprising three Fellows of the College appointed for the purpose by the Council. The Panel’s decision shall be final. If the appeal is allowed, the warning shall be disregarded for all purposes and any record removed from the member’s College file; provided that a note of the warning and the appeal may be kept as a separate College record.

Proceedings in more serious cases: serious and gross misconduct

12. Where the Council is notified under clause 5(b) of a charge of misconduct which would, if proven, constitute a sufficient reason for the dismissal of a member of academic staff, including a failure to improve his or her conduct or performance following a first written warning, the Council shall write formally to the member stating the charge and that this may constitute a sufficient reason for his or her dismissal. The Council shall invite the member to make a formal response in writing within four calendar weeks.

13. As soon as practicable after any written response made under clause [12], and normally no later than five calendar weeks after the formal notification has been given, the Council shall consider the charge and may at its discretion hear representations in person from the member of academic staff concerned. The Council shall within not more than four calendar weeks after it has completed such consideration:
   (a) dismiss the charge where it reasonably considers either that the grounds stated, or the evidence in support of those grounds, would be insufficient, even if substantiated, to justify imposing any penalty; or
   (b) give a final written warning in accordance with clause [9]; or
   (c) appoint a Disciplinary Committee for Academic Staff (an ‘Academic Disciplinary Committee’), in accordance with clauses 18-21, to consider and make a determination in the case; or
   (d) appoint a Medical Committee for Academic Staff (an ‘Academic Medical Committee’), under Ordinance III.

It shall notify the member of academic staff in writing, accordingly. Where the Council considers that the matter should be dealt with by a relevant public authority it shall take appropriate action.

14. The Council may appoint an Academic Disciplinary Committee to conduct proceedings under this Ordinance notwithstanding that the member of academic staff concerned has been or is liable to be prosecuted in a court of law in respect of the charge alleged. The Committee may, however, adjourn its proceedings for a reasonable period, pending the completion of any such prosecution. Where the Committee considers that a matter should be dealt with by a relevant public authority it shall refer the matter to the Council for appropriate action.
Suspension

15. Where an Academic Disciplinary Committee is appointed, the Council may, at any stage prior to a final determination in the matter, suspend the member of academic staff concerned, pending such determination, provided that:
(a) it reasonably considers that the charge alleged would, if proven, amount to gross misconduct as defined under clause [3];
(b) the member shall be suspended on full pay, or on such sick pay as is authorised by College policy, as appropriate, and on such other conditions as the Council thinks fit; and
(c) the Council may revoke the suspension at any time.

16. The member of academic staff may appeal against a suspension imposed under clause [15] to the appointed Academic Disciplinary Committee, which shall hear the appeal as expeditiously as is practicable, and its decision shall be final. The appellant shall be given a fair opportunity to make representations to the Committee, whether in person or in writing, and may be supported or represented in accordance with Ordinance I, 13-15.

Emergency suspension

17. The Master or the Vice-Master may, with the concurrence of at least two further members of the Council, immediately suspend a member of academic staff in any case where a charge of conduct amounting to gross misconduct, as defined under clause [3], is made, and where it is reasonable to consider that suspension is necessary for the protection of the College and its interests, or of any member of the College, or of any member of the College assistant staff; provided that:
(a) the member of academic staff shall be suspended on full pay, or on such sick pay as is authorised by College policy, as appropriate, and on such other conditions as the Council thinks fit; and
(b) other than in exceptional circumstances, the suspension shall continue for no longer than fourteen calendar days; and, accordingly,
(c) the charge and the suspension shall normally be considered by the Council, under clauses [12] and [13], within fourteen calendar days after the suspension.

Disciplinary Committee for Academic Staff

18. An Academic Disciplinary Committee of three suitable persons shall normally be constituted under Ordinance I, 2 within fourteen calendar days after the decision to appoint it. One person shall be designated the Chair.

19. The member of academic staff concerned shall be notified of those persons appointed to the Academic Disciplinary Committee under clause [18], and may within two days, excluding weekends and public holidays:
(a) challenge one such nomination without giving cause;
(b) challenge any initial or alternate nomination by giving good cause.
The Council shall rule on any objection for good cause, and its decision shall be final. An alternate shall be appointed under Ordinance I,18 to replace any person successfully challenged. Where necessary a new Chair shall be designated.

20. Where, prior to the date appointed for the hearing under clause [25], any person appointed to the Committee is or becomes unwilling or unable to act, or is excluded from acting, then an alternate shall be appointed by the Governing Body under Ordinance I,18. An alternate may be challenged for good cause, under clause [19]. Where necessary a new Chair shall be designated.

21. Where, on or after the date appointed for the hearing under clause [25], any person appointed under clause [18] becomes unwilling or unable to act, or is excluded from acting, a Committee of two members may continue to sit, provided that the remaining members are willing and able to act; where necessary the Council shall designate a new Chair. Otherwise, the Committee shall be discharged and a new Committee duly appointed; any hearing which has commenced under clauses 23-29 shall be discontinued and a fresh hearing shall be held.

Oral hearings

22. An Academic Disciplinary Committee shall have power, where it considers appropriate in the interests of justice, or to give effect to the guiding principles stated in Statute C,I,1, to:
(a) consolidate proceedings against two or more members of academic staff into a single hearing;
(b) add another member of the academic staff as a party to proceedings, either on application by the Council or by any person affected by the proceedings, or on its own motion;
(c) add a Fellow who is not a member of the academic staff, or add a student of the College, as a party to proceedings, either on application by the Council or by any person affected by the proceedings, or on its own motion; provided that in such case the Committee shall be deemed to be constituted concurrently as a Fellows’ Disciplinary Committee under Statute C,II,7-8 and/or such student disciplinary body as is provided for in Ordinances or Regulations.

23. Where an Academic Disciplinary Committee is appointed the Council shall instruct a suitable person (the ‘Presenting Officer’) to act on behalf of the College and to:
(a) formulate in writing a charge or charges against the member of academic staff concerned;
(b) present them before the Committee;
(c) make or supervise all necessary administrative arrangements for the fair and expeditious conduct of the hearing; including the summoning of witnesses and the production of documents.

24. On behalf of the Presenting Officer, the administrative secretary to the Committee shall, as soon as practicable, send to the members of the Committee, to the person charged, and to any party added under clause [22] a copy of:
(a) Statute C and these Ordinances;
(b) the charge or charges preferred, with particulars;
(c) any documents referred to in the charge or charges;
(d) a list of witnesses to be called on behalf of the College;
(e) witness statements containing the evidence that it is expected the witnesses will give.

25. In consultation with the person charged, the Presenting Officer, and any other party, the Chair shall set a date, time and place for the hearing. He or she may, if circumstances so require, postpone the hearing and set a different time, date or place.

26. Not later than fourteen calendar days before the date set for the hearing, or such shorter period as may be mutually agreed, the secretary shall send a notice of hearing to the person charged, to the Presenting Officer, and to any other party. The notice shall contain information and guidance regarding:
(a) attendance at the hearing;
(b) the calling of witnesses and the production of witness statements;
(c) the production of other documents and the use of written submissions;
(d) support or representation by another person, under Ordinance I, 13-15.

27. Not later than seven calendar days before the date set for the hearing, a person charged and any other party shall send to the administrative secretary, to the Presenting Officer, and to each other:
(a) a copy of any document to be submitted at the hearing; and
(b) a list of any witnesses to be called, with a copy of the witness statements of evidence.

28. No witness or documentary evidence other than that specified under clause [27] may be introduced by the Presenting Officer without the consent of the Chair. Consent may be given only for good reason and on condition that the hearing shall be adjourned for a period sufficient to allow the person charged to consider and respond to it, and, if appropriate, to introduce further evidence in rebuttal.

29. The person charged, the Presenting Officer, and any other party, or their representatives, if any, may each:
(a) make an opening statement;
(b) give evidence;
(c) call witnesses;
(d) cross-examine and re-examine witnesses;
(e) address the Committee after the evidence has been heard; and
(f) address the Committee on penalties, in respect of any charge found to be proved.

Determinations

30. An Academic Disciplinary Committee may conduct deliberations in private at any stage of the hearing up to and including the formulation of its final recommendations.

31. If at any stage of proceedings under this Ordinance the Chair of a Committee deems it appropriate, in particular where an alleged charge may be connected with or arise from a disability, the case may be transferred to medical proceedings under Ordinance C, III. The
disciplinary proceedings, including any hearing in session, shall be adjourned *sine die*. For the purposes of such medical proceedings, the administrative secretary shall make available to the Council, and to the member of academic staff concerned, the written records of the case, with any corrections deemed necessary by the Chair, other than any notes of confidential deliberations made under clause [30].

32. If a person charged chooses not to give evidence, or refuses without good cause to answer any question, the Committee may draw such inferences as appear proper.

33. A Committee may, for the purpose of proving that a person charged has committed a relevant offence or was guilty of some relevant act or conduct, admit evidence that:
   (a) a court of law has convicted him or her of such offence; or
   (b) he or she was charged with an offence in respect of such act or conduct and a court of law has found the offence proved.

34. An Academic Disciplinary Committee shall not find a charge proved unless it is satisfied beyond reasonable doubt.

35. After conducting an oral hearing, an Academic Disciplinary Committee may make any of the following recommendations:
   (a) to dismiss a charge the Committee has found to be unproved; or
   (b) to not apply any penalty to a charge the Committee has found to be proved; or
   (c) to apply an appropriate penalty or penalties, as recommended by the Committee, to a charge the Committee has found to be proved;
   (d) to dismiss a member of academic staff under Statute C,II,20 for some other substantial reason specified by the Committee.

36. Penalties, and other action, which may be applied under clause [35] shall include but shall not be limited to:
   (a) a first or final written warning;
   (b) a process, including monitoring and review, for encouraging and supporting a member of academic staff to improve his or her performance;
   (c) removal from any College Office, Academic Post or other post or appointment;
   (d) dismissal within the meaning of Statute C,I,4, with notice;
   (e) summary dismissal within the meaning of Statute C,I,4, without notice, for gross misconduct.

37. An Academic Disciplinary Committee shall make such further recommendations as it considers necessary or desirable for the fair and reasonable disposition of ancillary matters, including:
   (a) suspending or revoking the suspension of the member of academic staff, in accordance with clauses 15-17, for such period and on such conditions as the Committee shall consider appropriate;
   (b) the payment of compensation by the member of staff in respect of any loss or damage he or she caused;
   (c) any further or other action permissible under the member of staff’s terms of election, appointment or employment.
38. The administrative secretary shall record the determinations of the Academic Disciplinary Committee, in a document signed by the Chair, containing:
   (a) its findings of fact;
   (b) the reasons for its decisions; and
   (c) its recommendations.

39. The administrative secretary shall send a copy of the signed record under clause [38] to:
   (a) the Council;
   (b) the person charged;
   (c) any other party added to proceedings under clause [22];
   (d) any representative appointed under Ordinance I,13-15; and
   (e) the Presenting Officer.
   The secretary shall at the same time separately notify the person charged:
   (f) that a copy of the signed record will be placed on his or her College file; and
   (g) of the period of time within which notice of any appeal must be served under Ordinance V,2.

Disciplinary Appeal Panel

40. A member of academic staff may appeal to a Disciplinary Appeal Panel against any finding, decision or recommendation made by an Academic Disciplinary Committee, by serving notice in accordance with Ordinance C,V; provided that no appeal shall lie against a finding of fact, save where fresh evidence is submitted with the consent of the Chair of a Disciplinary Appeal Panel.
Academic Staff: Procedures for Medical Matters

Relationship with disciplinary proceedings

1. A member of academic staff may be dismissed or otherwise disciplined under Statute C, I 14-15 notwithstanding that any relevant matter of conduct or capacity is or may be attributable, in whole or in part, to medical grounds. A finding or decision made by an Academic Disciplinary Committee or Disciplinary Appeal Panel, including any decision on penalty, may be relied on notwithstanding that the case might have been heard by a Medical Committee for Academic Staff under Statute C, I, 14.

2. Without prejudice to clause [1], disciplinary proceedings may be adjourned, and a case referred to medical proceedings under this Ordinance, where the Chair of an Academic Disciplinary Committee deems it appropriate, in accordance with Ordinance II, 31.

Appointment of Medical Oversight Group

3. Where it appears to the Council, whether by a reference from the Chair of an Academic Disciplinary Committee or otherwise, that the dismissal of a member of academic staff on medical grounds should be considered, the Council shall appoint a Medical Oversight Group comprising three Fellows who are members of the Governing Body. An Oversight Group shall have power and responsibility, on behalf of the Council, for overseeing medical proceedings conducted under these Ordinances. It shall regulate its own proceedings, provided that the Council may stipulate such chairing, reporting or other similar requirements as it considers appropriate.

4. Where a Medical Oversight Group is appointed under clause [3] the Chair shall write formally to the member of academic staff concerned informing him or her that:
   (a) medical issues have arisen, and that these may constitute a sufficient reason for his or her dismissal;
   (b) the Oversight Group has been appointed by the Council to conduct enquiries in the matter;
   (c) where the member is absent on sick leave, he or she may not return to work without an official medical certificate of fitness to return;
   (d) the Oversight Group seeks the member’s consent to an application for a medical report, made to the member’s medical practitioner and/or any other appropriate person who has knowledge of his or her medical history, such as an occupational health adviser;
   (e) the Oversight Group may request the member to undergo a medical examination;
   (f) the Oversight Group may, if it considers it necessary, suspend the member in accordance with clause [9].

The member of academic staff shall be invited to make a formal response in writing within three calendar weeks.
5. The College shall meet the reasonable costs of any medical report, or examination to which the member of academic staff consents under clause 4(d) or 4(e).

Initial review

6. An Oversight Group may, in the light of any medical reports obtained under clause 4(d) or 4(e), and after having given the member of academic staff a fair opportunity to comment on any reports, determine that he or she has, or may reasonably be considered to have, a disability; and that in consequence of such disability he or she is not capable of performing his or her responsibilities under present circumstances. If it so determines, it shall seek to agree with the member concerned reasonable adjustments to his or her terms and conditions of work, or working environment, so that he or she may be enabled to remain in his or her current or an appropriate alternative employment or other position.

7. Where no adjustments under clause [6] can reasonably be made, or no agreement is reached within a reasonable time, the Oversight Group shall seek to agree with the member of academic staff concerned appropriate terms for his or her resignation or retirement, on medical grounds.

8. The Oversight Group shall request the Council to appoint a Medical Committee for Academic Staff (an ‘Academic Medical Committee’), in accordance with clauses 12-14, in any case where the member of academic staff concerned does not consent to one or more of the following:
   (a) an application for a medical report, or examination, under clause 4(d) or 4(e); or
   (b) reasonable adjustments offered under clause [6]; or
   (c) his or her resignation or retirement on terms offered under clause [7].

An appeal under clause [1] shall be lodged within four calendar weeks after the date on which the decision appealed from was notified to the appellant, by serving notice on the Secretary to the Council, setting out the grounds of appeal; provided that the Council may permit an appeal to proceed, notwithstanding late service, if it considers that justice or fairness so requires in the circumstances of the case.

3. A Disciplinary Appeal Panel shall have power, where it considers appropriate in the interests of justice, or to give effect to the guiding principles stated in Statute C,I,1, to:
   (a) consolidate appeals by two or more persons into a single hearing;

In any other case, either the Chair shall nominate an appropriate alternate third member or, where the Chair ceases to act, the Panel shall be discharged and a new Chair duly appointed as soon as practicable.

7. Where a new Chair is appointed under clause [6] after an oral hearing under clauses 8-12 has commenced, the hearing shall be discontinued and a fresh hearing held.

**Oral hearings**

8. The Council shall appoint a suitable person to act as respondent in the appeal on behalf of the College.

9. The administrative secretary to the Appeal Panel shall send to the members of the Panel, to the appellant or his or her representative, if any, to the respondent, and to any party added under clause [3], copies of:

Witnesses, if any, may be questioned on matters permitted under clause 10(c) and shall be subject to cross-examination and re-examination. Evidence or legal authority of which notice has not been given under clause 11(c) may be submitted at the discretion of the Chair, subject to any necessary adjournment to allow other parties to consider the new material and, if desired, to introduce further evidence or authority in rebuttal.
Determinations

13. The members of an Appeal Panel shall seek to give effect to the guiding principles stated in Statute C, I,1 or, in the case of an appeal by the Master, Statute C, III,1. For the avoidance of doubt, this clause shall not override any provisions of Statute C or these Ordinances which provide that there shall be no right of appeal against a finding of fact, including a medical finding, except where fresh evidence is adduced with the consent of the Chair of the Appeal Panel.

14. An Appeal Panel may make such determination or determinations as are provided for in Statute C, I,15, or C, I,19, as appropriate.

Appeals

2. Any appeal to the Council under Statute C,II,8 from a decision of a Disciplinary or Medical Committee for Fellows shall be lodged within four calendar weeks after the date on which the decision appealed from was notified to the Fellow, by serving notice of appeal on the Secretary to the Council, setting out the grounds of appeal; provided that the Council may permit an appeal to proceed, notwithstanding late service, if it considers that justice or fairness so requires in the circumstances of the case.

3. No appeal shall lie against a finding of fact, including a medical finding, made by a Disciplinary or Medical Committee for Fellows, save where fresh evidence is submitted with the consent of the Council.

4. Upon receiving a notice of appeal under clause [2], the Council shall prescribe an appeal procedure appropriate to the disciplinary or medical nature of the case, which may include the appointment of a suitable Appeal Panel. In all cases the appellant shall have a fair opportunity to make representations to the Council or, if appointed, the Appeal Panel, whether in person or in writing. The Council may make such provision for legal advice or legal representation in the proceedings as it deems necessary or desirable.

5. The Council or, if appointed, the Appeal Panel, may review the conduct of any hearing, and all decisions, of a Disciplinary or Medical Committee for Fellows. It may allow or dismiss an appeal, in whole or in part, and in particular it may recommend substituting any penalty that might have been imposed, or any recommendation that might have been made, by the Committee. If appointed, an Appeal Panel shall make recommendations to the Council, whose decision shall be final.

Charges of serious or gross misconduct

4. Where the Council lays before the Governing Body a charge of serious or gross misconduct against the Master, which the Council considers is not attributable to medical grounds, the Secretary to the Governing Body shall formally notify the Master of any such charge, notify him or her that it may constitute sufficient grounds for removal from Office, and invite the Master to make a formal response in writing within three calendar weeks.

5. As soon as practicable after the Master’s response, if any, under clause [4] and normally no later than four calendar weeks after formal notification, the Governing Body shall consider the charge raised, at a meeting specially called for the purpose under Statute C,III,4. The
Master may be supported or represented at the meeting in accordance with Ordinance I,13-15.

6. The Governing Body shall consider whether the Master has a case to answer, taking into account Ordinance II,1-3, and may either:
   (a) dismiss the charge, where it reasonably considers that the grounds stated, or the evidence in support of those grounds, would be insufficient, even if substantiated, to justify imposing any penalty on the Master; or
   (b) upon a two-thirds majority of those members present and voting, appoint a Disciplinary or Medical Committee for the Master.
   The Secretary to the Governing Body shall notify the Master, in writing, accordingly.

Disciplinary or medical proceedings

7. Subject to Statute C,III, disciplinary or medical proceedings against the Master shall be conducted in accordance with Ordinances I,II, III and V, mutatis mutandis; provided always that any reference, express or implied, to:
   (a) a member of academic staff shall be read as a reference to the Master;
   (b) an Academic Disciplinary or Medical Committee shall be read as a reference to a Disciplinary or Medical Committee for the Master;
   (c) the Council, in respect of the appointment of, or the appointment or designation of a member of, or a consent to the membership of, a Committee or Appeal Panel, shall be read as a reference to the Governing Body.

8. Further to clause [7]:
   (a) Ordinance I,2 (composition of Committees and Appeal Panels) shall be read subject to Statute C,III,7;
   (b) Ordinance I,19 (Officer effecting dismissals) shall be read as referring to the Vice-Master;
   (c) Ordinance II,15 (suspension by the Council) shall be read as a reference to suspension by the Governing Body by not less than a two-thirds majority;
   (d) Ordinance II,1-13 (initial proceedings and less serious matters) shall be omitted;
   (e) Ordinance II,18 (appointment of Disciplinary Committee), the reference to fourteen calendar days shall be read as a reference to four calendar weeks.
Procedures for Officers and Post-Holders

1. Under Statute C, IV, 1, and subject to clauses 2-3, below, the Council may by a simple majority suspend, remove or dismiss any person, other than the Master or Vice-Master, from any College Office or Academic Post or other post or appointment, on the grounds that he or she has failed or is failing to carry out properly the responsibilities or duties attached thereto; provided that:
   (a) where such removal or dismissal would entail the loss of a person’s Fellowship or primary employment, proceedings shall be taken under Statute C, Chapter I (Academic Staff) or Chapter II (other Fellows), as appropriate; or
   (b) in any other case, a person shall be informed of the grounds for, and any conditions imposed on, such suspension, removal or dismissal; and shall have a fair opportunity to make representations to the Council in the matter, whether in person or in writing.

2. Where the Council contemplates removing or dismissing a person under clause [1] it shall wherever appropriate seek to support an improvement in his or her performance through an informal process of monitoring and review, which may include the Council giving one or more formal warnings. Where any such informal process is instituted the Council may only remove or dismiss a person where no sufficient improvement results within a reasonable time.

3. Subject to clause [2], the Council may at any stage suspend a person under clause [1] from his or her College Office or Academic Post or other post or appointment, on full pay for that position, pending the next meeting, which may be an extraordinary meeting, of the Council.

4. Under Statute C, IV, 1(c), the Governing Body may by a simple majority suspend or dismiss the Vice-Master from Office in accordance with clauses 1-3, mutatis mutandis.
ORDINANCE X
(depending from Chapter V)

Procedures for Non-Foundation Fellows and other Members

1. The Council may deprive a non-foundation Fellow other than an Honorary Fellow, of his or her Fellowship on the grounds set out in clause [2]; provided that it shall:
   (a) conduct a proper inquiry, in accordance with such arrangements as it shall reasonably determine, into the alleged grounds for such deprivation;
   (b) give a Fellow a fair opportunity to make representations to the Council in the matter, whether in person or in writing.

2. The grounds referred to in clause [1] are:
   (a) in any case, that the Fellow has brought the College into disrepute or is otherwise unfit to hold the Fellowship;
   (b) in the case of a Visiting Fellow, that the Council elected the Fellow on the basis of information which is untrue or was misrepresented, or that the Fellow has lost his or her tenure of a position in the University with which the tenure of the Fellowship is associated;
   (c) in the case of a Bye-Fellow, on disciplinary or medical grounds or for ceasing to carry out the responsibilities or duties for which he or she was elected;
   (d) in the case of a Fellow Commoner with tenure, upon cessation of his or her voluntary service to the College.

3. The Council may in its absolute discretion deprive any member of the College of his or her membership, other than the Master, any Fellow or non-foundation Fellow, or any student.
Scope

1. The Master, or any foundation Fellow, may in writing raise a grievance falling under Statute C,VII,1 with the Council, or with the Master, respectively. Issues which it would be appropriate to raise as grievances include, but are not limited to, matters concerning the terms and conditions of an employment or Fellowship or other Office or position with the College, changes in working practices, the impact of health and safety requirements, conflictual relationships such as bullying or harassment, the working environment, the impact of organisational changes, equal opportunities or discrimination.

2. A person who is not affected himself or herself may not raise a grievance on behalf of another individual; nor may he or she raise a collective grievance on behalf of himself or herself and one or more other persons.

3. If the Council or the Master, respectively, consider that a person raising a grievance should properly raise it under Chapters I-V of Statute C, or that the grievance has been so raised, he or she shall be so advised, and no further action shall be taken under this Ordinance.

4. If it appears to the Council or the Master, respectively, that the grievance has been finally determined under Statute C, or is trivial or otherwise without basis, it shall be dismissed summarily and no further action taken on it. Where it appears that the grievance which has been so dismissed is malicious or vexatious, appropriate disciplinary procedures against the person raising it may be initiated.

Informal resolution

5. If it appears to the Council or the Master, respectively, that the grievance raised requires action to be taken, the Council, normally by delegation to a designated Officer, or the Master shall normally, unless informal resolution processes are inappropriate to the case, seek to resolve it informally through:
   (a) consultation with the person raising the grievance and any other affected person;
   (b) mediation and conciliation among all those affected, on any issues identified by the consultation;
   (c) formulation of mutually agreed terms or conditions.

6. The Master or designated Officer may, but need not, undertake such consultation, mediation or conciliation in person; otherwise, he or she shall nominate a mediator or conciliator, normally within ten working days of the grievance being raised, for acceptance by all persons involved. The Master or designated Officer may seek advice, and/or authority to proceed, from the Council. The person raising the grievance and any other affected person may be supported during an informal resolution process by another person who is a member, or member of staff, of the College.
Formal determination

7. Where informal resolution processes are inappropriate to the case or the grievance cannot be resolved informally within a reasonable period, normally no more than fifteen working days from the appointment of, or failure to agree upon, any mediator or conciliator under clause [6], the Master or designated Officer shall issue a formal written decision, where possible with proposals for redress of the grievance, which shall be sent to the person raising the grievance and any other affected person.

Grievance Panel

8. Where the person raising the grievance or any person against whom the grievance is raised is dissatisfied with the formal determination made under clause [7], he or she may appeal to a Grievance Panel, comprising at least three suitable persons appointed by the Council. One person shall be designated the Chair.

9. The person raising the grievance and any person against whom the grievance is raised shall be notified of those persons appointed to the Grievance Panel, and may within two working days make objection for good cause to any such appointment. The Council shall rule on any such objection and its decision shall be final; if any objection is sustained, an alternate member shall be appointed.

Hearings

10. The person raising the grievance and any person against whom the grievance is raised may be accompanied during the hearing convened under clauses 8-9 by a friend or representative other than a legal representative.

11. A hearing shall be valid and effective provided that the Chair is present. The Chair shall ensure that the grievance is heard and disposed of as expeditiously as is reasonably practicable and consistent with fairness; provided that the person raising the grievance, and any person against whom the grievance is raised, shall make all necessary arrangements for the proper presentation of their respective cases, including the production of documents and the summoning of witnesses. A case may be dismissed for serious or unwarranted delay in its presentation.

12. Subject to this Ordinance, the Grievance Panel shall regulate its own procedures. Where not otherwise provided for, the Chair may make such administrative arrangements as he or she thinks fit. In particular, he or she may set time-limits for each stage of proceedings, and may postpone or adjourn any meeting at his or her discretion; provided that any time-table for the conduct of grievance proceedings set out below shall be adhered to as strictly as is reasonably possible. Any consent, or the exercise of any discretion, may be made subject to such conditions as the Chair shall think fit.

13. In consultation with the person raising the grievance, and any person against whom the grievance is raised, the Chair shall set a date, time and place for a hearing. He or she may, if
at any time prior to the set date circumstances so require, postpone the hearing and set a
different time, date or place.

14. Not later than ten working days before the date set for the hearing, or such shorter period
as may be mutually agreed, the person raising the grievance shall send to the Chair and any
person against whom the grievance is laid:
   (a) a copy of the original written statement of the grievance;
   (b) a copy of the formal determination issued under clause [7];
   (c) a copy of any document to be presented at a hearing; and
   (d) a list of any witnesses to be called, with a copy of the witness statements of evidence.

15. The person raising the grievance, and any person against whom the grievance is raised, or
their respective representatives, if any, may each:
   (a) make an opening statement;
   (b) give evidence;
   (c) call witnesses;
   (d) question any witness concerning any relevant evidence; and
   (e) address the Grievance Panel after the evidence has been heard.

16. No person, other than any person entitled under Statute C and these Ordinances to attend
a hearing of a Grievance Committee, shall be admitted to such hearing without the Chair’s
consent.

Determinations

17. A Grievance Panel shall determine whether the grievance is well-founded or not, and shall
make such proposals as it thinks fit, which may include a recommendation that disciplinary
proceedings are taken against any person or persons.

18. A Grievance Panel shall inform the person raising the grievance and any person against
whom the grievance is raised, and the Council, of its decisions and proposals. The Council
shall normally approve such decisions and proposals, provided that, where it is reasonable
for the Council to do so, it may reach an alternative decision and/or adopt alternative
proposals.

Dignity at Work

19. All members of the College community shall treat all other members with respect, courtesy
and consideration, and, where relevant, in accordance with appropriate professional
standards. Any form of bullying, harassment, victimisation or discrimination shall be
regarded as inappropriate and unacceptable. Where a grievance raised under clause [1]
concerns a complaint of conduct inconsistent with such duty of mutual respect, clauses 5-7
shall be read and applied subject to the following clauses of this Ordinance.

20. A complaint of bullying or harassment shall, subject to any overriding legal requirements,
be dealt with in confidence. In particular, all parties shall maintain appropriate
confidentiality throughout, and shall not disclose confidential matters without the consent of the complainant.

21. Behaviour that constitutes bullying or harassment shall include but not be limited to behaviour directed to a person’s sex, race, colour, ethnic or national origin, religion, philosophical belief, political opinion or affiliation, gender, marital status, sexual orientation, gender reassignment, age or disability.

22. Bullying or harassment may comprise any act, or series of acts, committed by any means, including the misuse, interception or disruption of mail and email communications, the misuse of social media sites and any other form of cyber bullying, which is:

(a) unwanted by the recipient; and
(b) perceived by the recipient as violating his or her dignity or privacy, or as otherwise intimidating, hostile, degrading, humiliating or offensive; and
(c) creates conditions for the recipient of which it would be justifiable for a reasonable person to complain, having regard to all the circumstances.

Bullying or harassment may be committed whether or not a person intends to induce such a perception or to create such conditions.

23. A person against whom bullying or harassment is alleged shall at all times be treated himself or herself in accordance with the requirements of Statute C, VII, 1-4 and the provisions of this Ordinance, mutatis mutandis.

The scope of this duty shall extend only to matters within the powers of the College to provide, as an independent legal institution. For the avoidance of doubt, the scope of this duty shall not extend to any matters which fall entirely within the powers of another, legally independent, institution, in particular the University, and such matters shall not therefore be dealt with under this Ordinance or Regulations made hereunder.

2. Procedures made in Regulations shall provide for reasonable adjustments to be made to the normal arrangements of the College, where that is necessary to ensure that no student of the College who has a disability under clause [3] shall be placed at a substantial disadvantage, compared with students who have no such disability, in his or her access to the teaching and learning environment, or in the application to him or her of the modes of assessment used for academic progress. It shall be a condition of any student’s continued residence in the College and University for the purposes of academic study that he or she is willing and able to fulfil the obligations arising under Statute B, VIII, 5(b) and (c), and is in all respects fit to study.

9. Procedures shall be made in Regulations for assessing any question which may arise concerning a student’s fitness to study. Questions of fitness to study may concern either fitness for personal academic work and/or fitness to engage in University and College life in all its aspects, including relationships with others in the College and University communities.

2. A complaint regarding the implementation of any College procedure laid down in Ordinances or Regulations may not be raised unless the substance of the complaint falls outside any provisions for an appeal or review under those procedures. In particular, under no circumstances may a complaint be raised on a decision made on the merits of a case by the person or body having authority to make the decision.

ORDINANCES under STATUTE D

FINANCE AND REMUNERATION

ORDINANCE I
(depending from Chapter II)

Investment and Expenditure Powers

Amalgamated funds

1. In order to facilitate the management of the property of the College, the Council may, under Statute D,II,8 from time to time resolve that all or any part or parts of the property of the College, including any special trust (a ‘trust’), be brought into and managed within one or more amalgamated funds, in accordance with clauses 2-8.

2. Any property may be brought into an amalgamated fund at any time, provided that where property is subject to a trust:
   (a) which came into operation less than sixty years prior to the proposed amalgamation; and
   (b) the College is not the sole trustee;
   the consent of the trustees of that property shall be required.

3. Upon first being constituted, an amalgamated fund shall be held on behalf of its constituent funds in whole units allocated to each fund. The Council shall fix the initial total number of units held by the amalgamated fund, and shall allocate an appropriate number of units to each constituent fund as nearly as possible in proportion to the respective capital investments of each constituent fund in the amalgamated fund.

4. The Council may at any time increase or decrease the size of an amalgamated fund:
   (a) by adding or withdrawing a constituent fund; or
   (b) by increasing or decreasing the investment made in it by a constituent fund.

5. Where a new constituent fund is added to an amalgamated fund or the investment made by a constituent fund is increased:
   (a) the total number of units in the amalgamated fund shall be increased by such number of units which as nearly as possible represents the value of the new investment based on the market value of the existing units; and
   (b) the constituent fund shall be allocated that number of new units; always provided that the value of the existing units in the amalgamated fund shall not be prejudiced by the issue of such further units.

6. Where a constituent fund is withdrawn from an amalgamated fund or the investment made by a constituent fund is decreased:
(a) the total number of units in the amalgamated fund shall be decreased by such number of units which as nearly as possible represents the value of the investment withdrawn based on the market value of the existing units; and
(b) the constituent fund shall give up that number of units, and the units shall be cancelled; always provided that the value of the existing units in the amalgamated fund shall not be prejudiced by the cancellation of such units.

7. The Council may at any time wind up an amalgamated fund and divide the investments between the constituent funds in proportion to the number of units held by each fund at that time.

Annual dividends

8. For each amalgamated fund, a dividend per unit shall be declared annually and paid out of the fund to all its unit holders for their expenditure, which may include re-investment in the fund.

9. For the purposes of the declaration under clause [8], the Council shall at a suitable time determine the process for calculating the value of the annual dividend; provided that:
   a) dividends shall only be paid out of income received by an amalgamated fund, subject to any exercise of the power under clauses 12-13 of this Ordinance to adopt a total return approach to expenditure; and
   b) a fund shall not be required to distribute as dividends the whole of the income received in any one year, but may accumulate the whole or part of it from year to year.

10. The annual dividend declared by each amalgamated fund shall be included in the annual College Accounts, as approved by the Council under Statute A,IV,5(d).

Expenditure powers

11. In the absence of any resolution made by the Council under clauses 12-13, the College shall appropriate for expenditure such sums as are income and not capital receipts in the hands of the Trustees of the College.

12. In order to facilitate the investment and expenditure policies of the College, including the declaration under clauses 8-9 of dividends for unit holders in any amalgamated fund, the Council may at any time resolve to adopt a total return approach to investment and expenditure.

13. In clause [12], ‘to adopt a total return approach’ means to appropriate annually for expenditure, up to and no more than, as much of the fair value of:
   (a) any amalgamated fund created in accordance with this Ordinance; and/or
   (b) any property or fund which has not been brought into an amalgamated fund; as the Council considers in its absolute discretion is prudent, having regard to the total return achieved and reasonably expected to be achieved in the long-term of the amalgamated fund, or other property or fund, respectively.
14. In clause [13], ‘fair value’ means the amount at which an asset could be exchanged in an arm’s length transaction between informed and willing parties, other than in a forced or liquidation sale, and ‘total return’ means return in terms of both income, whether received or accrued, and capital appreciation, whether realised or unrealised.

15. When making a resolution under clauses 12-13, the Council shall comply with the procedures required by The Charities (Total Return) Regulations 2013, and/or with any relevant subsequent legislation. In particular, the Council shall formulate such policies as those procedures require for:
   (a) the initial treatment of the permanent endowment; and
   (b) the future management of the total return receivable on the amalgamated fund.

The Committee may delegate to any firm of investment managers or bankers power to effect a specified transaction, or a type of transaction, within the scope of standing instructions.

6. The Committee shall regularly monitor and review the performance of the College investments, assisted by valuations of the portfolio provided by the Bursar. All decisions taken and transactions entered into under clauses [4] and [5] shall be reported in the minutes.
Acceptance of donations

1. Pursuant to Statute A,IV,5(i), the Council, as Trustees, shall set up procedures for accepting and managing gifts and donations to the College, in particular determining whether a donation is given as:
   (a) a trust for special purposes of the College, falling within categories (b), (d) or (f) of clause [4]; or
   (b) a designated fund falling within categories (a), (c) or (e) of clause [4];

A designated fund is not a special trust but forms part of the corporate property of the College that is separately earmarked by the Council, as a matter of administrative convenience, for expenditure on stated purposes within its general charitable purposes; such purposes may be altered by the Council from time to time.

2. The Council shall determine in accordance with clauses 4-7 the status and purposes of any proposed gift or donation, and the terms upon which it shall be accepted, if at all. Where a donation is accepted, the Council shall make Regulations, in accordance with clauses 8-10.

3. The Council may delegate to any appropriate Officer, Post-holder or committee responsibility for making determinations, and for proposing suitable Regulations, under clauses 1-2; provided always that no gift or donation shall be formally accepted on behalf of the College, nor any Regulations formally made, without prior Council approval.

Status and purposes of donations

4. Each gift or donation shall be allocated to one and no more than one of the following categories of College fund:
   (a) income held for the general charitable purposes of the College;
   (b) income held on trust for a specific purpose or purposes within the general charitable purposes of the College;

5. A donation shall be allocated to a category of fund in accordance with any conclusive formal written evidence of the donor’s intention.
6. Where there is no conclusive formal written evidence of a donor’s intention, the Council shall allocate the gift or donation to an appropriate category of fund, taking into account the following factors:
   (a) any correspondence, or any record of conversations, between the College and the donor or on their behalf;
   (b) the terms of any public appeal in response to which the donation was given;
   (c) the nature of the property that is the subject matter of the gift;
   (d) the value of the gift in relation to the potential annual expenditure on the relevant purposes, such that the higher the relative value of the gift the more appropriate it would be to treat it as expendable endowment rather than income;
   (e) the value of the gift in relation to the annual income or assets of the College, such that the higher the relative value of the gift the more appropriate it would be to treat it as expendable endowment rather than income.
Any decision made under this clause shall be final.

7. In the absence of any evidence relevant to the application of clauses [5] or [6], a donation shall be treated as a gift of income for general charitable purposes.

Financial Regulations

8. Pursuant to Statute D,II,13, the Council shall normally make financial Regulations for any individual College fund, and shall always make Regulations for any endowment fund which is held on trust within category (d) or (f) of clause [4]; each set of Regulations shall specify:

   (c) the investment policy which shall apply;
   (d) for any trust, the policy for surplus income adopted under Statute D,III,9-11;
   (e) any further terms; and
   (f) where necessary, the matters stipulated under Ordinance D,XII,1 (grants and awards).

9. Regulations for a designated fund shall take into account, and shall normally give effect to, any wishes or views of a relevant donor which have been made in writing, but shall not thereby create any special trust.

10. A file of all financial Regulations shall be maintained in a suitable physical and/or digital location, identifying separately:
    (a) trusts for special purposes of the College; and
    (b) designated funds.

Cy-près policy

11. The College shall at all times seek to ensure the effective use of all trust funds in furtherance of the College’s charitable purposes and, accordingly, may at any time take steps to enable the application of any fund cy-près, and shall do so when circumstances so require in law. For these purposes, the College shall have regard to any relevant guidance issued from time to time by the Cambridge Office of Intercollegiate Services, or other successor body.
Fixing of the Seal

1. No deed or other document may be sealed without formal approval from the Council or from the Investment Committee acting within its authority under Ordinance II; such approval may include a standing order pertaining to a class or classes of documents or to a period of time.

3. The Investment Committee or the Council, as relevant, may approve any transaction which requires the sealing of a deed or other document in the absence of such deed or document; provided that clauses [1] and [2] shall nonetheless apply.

4. Every act of affixing the Seal shall be reported to the next following meeting of the Council.

The members shall be the Senior Tutor (Chair), the Admissions Director and the Bursar. The Student Finance Manager (SFM) shall be in attendance and shall act as secretary. The Committee shall make an Annual Report to the Council in the Michaelmas Term.

10. The Committee shall manage the selection of individual students to receive awards, grants or bursaries under clauses 1-2, 4, 6 or 8, in accordance with any applicable Regulations or other relevant policy. The Committee may delegate selection to an appropriate person, or set of persons or body, according to the nature of the award or grant. In particular, it may delegate to the Graduate Tutors, or to the Admissions Committee, or to a suitable set of Fellows comprising Directors of Studies and/or undergraduate Tutors and/or Fellows in the relevant subject(s), or, where appropriate, to the SFM.

11. The SFM shall normally manage the administration of access and hardship funds, and the award of bursaries to students under clause 4(a) or 4(b) based on:
   (a) the priority of respective students’ needs, according to criteria determined from time to time by the Council;
   (b) the amount of support necessary or desirable to respond to each student’s needs;
   (c) available funding in the College.
12. The College reserves the right to withhold payment of any award or grant, in particular any graduate Studentship or any Organ or Choral Scholarship, if the student concerned:
   (a) is not discharging the study obligations under Ordinance C,XII,1-3 and Regulations made thereunder; or
   (b) in the reasonable opinion of the Student Awards Committee ceases or fails to pursue diligently his or her course of graduate research; or
   (c) in any other respect ceases or fails to fulfil any specific conditions upon which the award is held or the grant made.

13. Any student who is dissatisfied with any decision of the Student Awards Committee, including any delegated decision, may raise a complaint under Ordinance C,XV.

**Grants or awards to persons other than students**

14. The Council shall ensure that there are suitable processes for making awards and grants to individual persons other than students.

15. In appropriate cases, persons shall be invited to apply for an award or grant in such manner and on such occasions as the College shall from time to time determine, provided that;
   (a) on any occasion when there is no candidate of sufficient merit no award shall be made, whether of the whole or any part of the disposable income from the fund;
   (b) where two or more candidates of equal merit present themselves, the disposable income may be divided equally between them;
   (c) when the relevant disposable income in any one year is insufficient to make an effective award, normally no award shall be made in that year;
   (d) any expenses necessarily connected with the making of an award or grant, including where appropriate any remuneration for persons assessing candidates, may be charged upon the disposable income.

**Power to donate**

16. The College may contribute such sum as the Council shall think reasonable to any organisation whose purposes:
   (a) include the promotion of education, religion, learning or research; or
   (b) may benefit members of the College; or
   (c) have some other connection with the College which in the opinion of the Council is sufficiently close to justify such contribution.
Financial obligations

1. Further to Statute D,III,6, every student of the College shall be liable annually for the payment of his or her tuition fees, academic fees and non-academic fees, in accordance with this Ordinance and Regulations made hereunder; and in fulfilment of his or her offer of admission shall submit a financial undertaking to meet such liability.

Non-academic fees

5. Non-academic fees shall comprise any charges for or relating to any non-academic services, facilities or expenditures of the College utilised or incurred at any time, such as accommodation or room costs, meals or other catering costs, gymnasium or other sports fees, or disciplinary fines or penalties.

Settlement of financial liabilities

6. Oversight of student finance matters shall be led by the Bursar and managed by the Student Finance Manager (SFM). Procedures for the settlement of financial liabilities

Failure to settle financial liabilities

7. Further to Statutes B,VIII and C,VI, a student who persistently fails to settle his or her financial liabilities shall be in breach of contract, and shall no longer be entitled to the provision of some or any relevant services by the College. Accordingly, the College may determine to withdraw academic and/or non-academic services, as laid down in this Ordinance and Regulations made hereunder.

8. Any withdrawal of services under clause [7] shall be proportionate to the nature and amount of the student’s debt. Accordingly, academic services shall normally be withdrawn only for the non-payment of tuition fees under clauses 2-3 and not for the non-payment of academic and non-academic fees under clauses 4-5; provided always that the College reserves the right to withdraw academic services where the total amount of academic and/or non-academic fees owed is a substantial proportion of a student’s total financial liabilities including both tuition fees and all other items.

9. In accordance with Statute C,IV,4, procedures made in Regulations under clause [7] shall ensure fair and reasonable treatment for all students, taking into account their individual financial circumstances, and shall provide for:
