Creating a safer  
**Cambridgeshire**

September 2017

## **Welcome to Cambridge**

I hope you will enjoy a productive and rewarding time whilst studying.

I would like to offer some simple crime prevention advice that may help you avoid becoming a victim of crime whilst a student. This can be found by viewing our website: [http://www.cambs.police.co.uk/crimeprevention/student\\_safety](http://www.cambs.police.co.uk/crimeprevention/student_safety) or by visiting our Facebook page.

Many crime prevention measures can be organised before you arrive at University, such as registering your personal property for free (laptops, iPods, cameras, cycles etc.) on [www.immobilise.com](http://www.immobilise.com). Other measures are as simple as locking your doors and windows when you leave your room. This may seem obvious but students are still caught out each year.

If you are intending to use a cycle whilst at Cambridge please remember to bring two robust locks and a good set of working lights. A cycle helmet is also a good idea! Be aware of the Highway Code and the rules regarding safe cycling.

Cambridge is a safe and vibrant city in which to live, work and study and I wish you every success with your studies.

If you have any further questions or comments, please do not hesitate to contact me. I look forward to meeting you during Fresher's week.

Yours sincerely
